LETTER FROM THE PRESIDENT

Dear Team Members,

Thank you for registering to fundraise! Your commitment to be a part of something bigger than yourself is admirable. I now invite and encourage you to dedicate time, energy and passion to fundraise for the Hematology, Oncology and Blood & Marrow Transplant Unit at Nationwide Children's Hospital. By fundraising, we help Nationwide Children's Hospital continue to innovate in treatment, care and research. Through your fundraising efforts, we can come closer to ending pediatric cancer.

BuckeyeThon is the largest student-run philanthropy in the state of Ohio and specifically raises funds and awareness for the Hematology, Oncology and Blood & Marrow Transplant Unit at Nationwide Children's Hospital. Your fundraising efforts will have an impact on research, fellowship, and providing psychosocial support for patients. As an official program of the Office of Student Life at The Ohio State University, BuckeyeThon engages thousands of students annually, fostering a spirit of philanthropy and uniting the Ohio State and greater Columbus community to make a difference. I cannot express how appreciative I am of college students who are willing to sacrifice their time, energy and resources in order to join BuckeyeThon's tradition of giving back to the children and families in our community.

BuckeyeThon has been so successful because of its most valuable asset — it's people. The people who have supported BuckeyeThon for the past 20 years have made this organization into what it is today: a million-dollar student-run nonprofit. Without the continued support of our university and incredible students like you, BuckeyeThon would not be able to transform the lives of patients around the world.

Your fundraising has the potential to make an even greater impact, and I hope each one of you embraces the opportunity to fundraise and support this incredible cause. We are here to support you through your fundraising journey, and you will be able to find additional resources to aid in your fundraising below. Thank you for your commitment to be a part of one generation fighting for the next and joining me in the belief that Every Kid Deserves to be a Buckeye.

Sincerely,

Shrishti Shrivastava, President

GOALS

Setting Your Goal

When you sign up to be a team member of BuckeyeThon, we think it is important to try and set a goal for yourself so you have something to strive for during your fundraising time!

The Hematology, Oncology and Blood & Marrow Transplant Unit at NCH had over 15,000 visits last year, with more than 13,000 being outpatient and over 2,000 being inpatient. Here is what your donations will be going towards:

- ♥ **The BuckeyeThon Fellowship program at Nationwide Children's Hospital**
- ♥ **Psychosocial Services for the patients of the Hematology, Oncology and Blood & Marrow Transplant Unit at Nationwide**
- ♥ **Clinical trials for the advancement of Pediatric Cancer research**

Although you commit to fundraise **\$250** to attend the Dance Marathon, we encourage you to go above and beyond to become a **Miracle Maker**, setting your goal at **\$1000**.

“I made handmade corsages and sold them for school dances for a donation!”

— Jessica Quach

“I did some spring cleaning and sold my clothes to Plato's closet for a profit!”

— Danielle Lutz

“Me and my friend made personalized memes for people and had people make a few dollar donation for them!”

— Meera Nair

OUTREACH

Emails

These emails should be **as personal as possible**, so start by sending them to the family and friends that you are closest with.

If you have fundraised for BuckeyeThon before, it is always nice to **thank your donors for their previous donation** and fill them in that you are participating again. Make sure to mention how they were able to help contribute to the total that was raised! This reinstates that their contribution was able to make a world of difference for the people that it helped.

If this is your first time participating in BuckeyeThon, then **take the time to explain what it is and where the money is going**; the more information people know, the more willing they are to donate!

On your personal fundraising page, there are **email templates** that are already made! Feel free to use these if you want a quick, easy way to get started.

If you are stuck, you can use the email templates available on your participant center website, but nothing is more genuine than a personally written email. Ask your Team Captain for help.

After you give a bit of background, it is always good to give them a little insight into why you are participating in this cause.

Before you close the email, always make sure to **include a forwarding line** at the bottom of the page, usually along the lines of, "If you could, please make sure to forward this email to anyone that you think would be interested in donating." That way, even if the person isn't willing to make a donation, at least they can help the cause by getting the information to as many people as possible.

Explain the difference that even \$5 would make. No amount of money is ever too small, so if you stress this, people may not be worried that their contribution won't be enough.

Finally, **always finish by thanking them for taking the time to read the email**. People have busy lives, and if they take time to sit and read through your email, that can make all the difference.

OUTREACH

Social Media

Participants who use social media **raise more money** and **reach more donors**. Participants who achieve the greatest success combine multiple social media tools to increase fundraising by as much as 40 percent.

- ♥ **Include pictures, stories and updates about your fundraising**
- ♥ **Recognize donors by tagging them in a status update**
- ♥ **Always include a link to your personal page**

SAMPLE MESSAGING:

“Thank you _____ for donating to my fundraising page! Because of you, we are one step closer to ending pediatric cancer!”

*“_____ Days until BuckeyeThon and I’m \$_____ away from my goal. Help me out and donate today because Every Kid Deserves to be a Buckeye!
(Your link here)”*

“Please take a moment to remember your favorite childhood memory — that one Christmas morning you will never forget, that one birthday when all of your friends surprised you, that amazing family vacation to the beach, that one day you were just inexplicably happy to be alive. These are the memories that I and every single member of BuckeyeThon work year round to give kids fighting cancer. Our ultimate goal is to make sure every child diagnosed with cancer never misses out on an amazing and memorable childhood. Please consider supporting my fundraising efforts with a donation, no matter how big or small. Thanks so much for your help. (Your link here)”

Letter Writing Campaign

While email is convenient, it can occasionally be difficult to reach some family and friends online. Others may just prefer to receive traditional mail. Through the **Letter Writing Campaign**, you can provide us with an unlimited number of names and street addresses. BuckeyeThon will mail each address a letter that explains our cause and gives the recipient an opportunity to easily make an online or mail donation to your personal fundraising page.

The Letter Writing Campaign requires very little effort on your part; just give us your intended recipient’s contact information and let us handle the rest! It is one of the **simplest and most effective methods** of reaching out to your personal network. To learn more and participate in the Letter Writing Campaign, please visit the fundraising resources section of the BuckeyeThon website.

FOLLOW UP

For each solicitation you ask, it is important that you follow up with those people! Make sure you **create a list of everyone you directly reach out to and follow up** with them if they have not made donations. For example, if you reach out in the Fall Semester with an email asking for donations, call them in January if they have still not donated to you. As for social media, posting at least once a month leading up to the Dance Marathon is a good way to follow up with your possible donors.

OUTREACH

Networking Plan

While you commit to raising **\$250**, we encourage all team members to **go above and beyond** to hit their fundraising goal. It is important to remember that when making asks to people, only a fraction of them will donate at first, but don't lose hope!

RESOURCES

Canning

Canning involves going into the community, whether door to door or being stationed at a location and asking for donations. It is a great opportunity to get to know fellow team members and the city of Columbus, while raising money! Most team members are surprised at the amount of donations they receive during a canning session but this is because the Columbus community is very generous and enjoys supporting local causes.

NEIGHBORHOOD CANNING

During neighborhood canning, we will have designated times where you will be sent to designated areas around Columbus to engage members of the greater Columbus community in BuckeyeThon's mission. We will provide you with a guideline of what to say as well as a map, a can, and directions and the rest is up to you!

We will have canning sessions almost every weekend of the year and the sign up form can be found on our website under the fundraising toolkit page. Anyone can sign up to go canning, whether it is with your team, or we can place you in a group.

If you don't have anyone to drive with, that is also not a problem. We have lots of drivers on stand-by who are also experts at canning!

If our neighborhood canning times don't work for you or your team, you can sign up for Flex canning! With Flex canning, you have the opportunity to go canning whenever it works with yours or your team's schedule! You can request a can to use for canning on our website at buckeyethon.osu.edu.

For these canning outings, you can either choose an area to go canning or we can suggest an area that might be successful. Flex canning also allows you the opportunity to go canning in your hometown if it is outside of the Columbus area.

FOOTBALL CANNING

Football canning involves spending time asking for donations outside of home football games. We provide you with all of the resources you will need, including cans, a map, and instructions on how to ask donations. Football canning starts 3 hours prior to kickoff and ends 1 hour before the start of the game.

Here are some tips when canning on your own:

- ♥ **Introduce yourself as a student from Ohio State**
- ♥ **Share BuckeyeThon's cause**
- ♥ **Let them know that any donation is appreciated immensely, even small amounts**
- ♥ **Tell them why you are involved with BuckeyeThon**

Not everyone is able to make a donation, but don't fret. Spreading the message and leaving a positive impression is most important.

Day of Miracles

The **Day of Miracles (DOM)** is a one day push to surpass a monetary goal set each year. The goal of this day is to initiate Team Member fundraising by introducing the ease of asking personal networks for donations. This will take place on **October 4th, 2022 in the Union**, so be ready to make some miracles!

This may be the first time some of your connections are hearing about BuckeyeThon so it is important to explain the mission and why you are involved with BuckeyeThon. Tell your family and friends that you will be participating in this year's Dance Marathon by posting on social media and sending personalized emails. Our marketing team will be providing media for you to attach of the BuckeyeThon kids and promoting the DOM goal, as well.

RESOURCES

Corporate Fundraising

DINE TO DONATE

Dine to Donate is a really awesome ways that restaurants around campus can get involved with BuckeyeThon. This is when a **restaurant pledges to give X amount of proceeds** that are raised from that day. Usually, the funds only come from people who show proof of knowing about the dine to donate. This means that you have to come in with a flyer or something of that nature to show at checkout. This is a great way to have a **fun meal** out with friends, while being able to **raise money** for your fundraiser!

MATCHING

If you have parents, relatives or family friends that work, their companies may have a matching program! **Usually this means that if they donate a certain amount of money, the company will donate that amount of money, as well!** Sometimes, they will match the entire amount of money that you raise for the Dance Marathon. If you think that a company that you are familiar with will do this, make sure that you or someone you know gets in contact with them, in order to set up the matching program!

TIP JARS

This can be done two ways. You can **go to any restaurant you choose** and ask them if they will put a **tip jar** out for you. You can explain that you are raising money on behalf of Nationwide Children's Hospital, and if they are willing, they will put a jar out and all the money that is collected will be donated to your TeamRaiser page. Another way you could utilize a tip jar is to **take advantage of the tips that you make, if you work**. Set a goal to donate a percentage of the tips you make. You can do this once or as many times you choose.

DONORS

Saying Thank You

TIPS TO KEEP IN MIND:

Make sure to **send a thank you right away** when someone has donated. You can choose to make it a personal note, or you can make a generic one that's easily sent online. Either way, a timely thank you will show that person how much you appreciated their donation.

It is also important to **send a thank you at the end of the Dance Marathon**. You want the people that donated to see how their donation contributed. This could be in the form of an "After the Dance Marathon" email, where you send it to everyone at once.

Here, outline how much money they were able to help you raise, especially if you met or exceeded your goal. Also include how much money the Dance Marathon raised as a whole, because they were able to contribute to that incredible number!

It is very important to make sure that you take the time to thank the people who donate to you. Without them, the work that you are doing and the money you are raising wouldn't be possible.

CONTACT

We hope that the information above will help you reach and even exceed your goals. If you have read this in its entirety and still do not feel confident about fundraising as a team member please feel free to contact us! **We want to do everything we can to aid you in this process.** Thank you for all that you do, we cannot wait to see you at the dance marathon this year!
