How to Link Twitter and Facebook to DonorDrive

Here are some quick steps to link your Twitter and Facebook accounts to DonorDrive

Step 1: Login
Login to your personal fundraising account at go.osu.edu/bt.

Step 2: Dashboard
Click “Dashboard” at the top of the page, and then click the “Connect Now” button.
Step 3: Settings
Here, you can connect your Twitter and Facebook accounts, as well as your mobile phone for text alerts. Note that you can also access this page by clicking “Profile” at the top right under your name, and then clicking the “Settings” tab.

Step 4: Connect
Click “Connect” for Twitter and Facebook to authorize access to your accounts. When subscribing to text alerts, you will be asked to fill the fields shown below.
Step 5: Ask Friends to donate
Once you have linked your Twitter and Facebook accounts, you can start using the social media tools on DonorDrive! Click “Dashboard” at the top of the page, and then explore the tools shown below to begin fundraising!

Note: Social media posts have been automatically drafted for you, but please feel free to personalize them!

Additional Social Media Notes:
Please note that a tweet will automatically be sent from your account when the following transactions occur on your fundraising account:

1. Receive a donation
2. Make a donation
3. Reach 50% and 100% of fundraising goal
4. Reach the $100, $250, $500, $750, $1000, and $2000 fundraising milestones

These tweets are automatically sent, but they all include a link to your personal fundraising page!
